

Point-of-Use Coolers

No bottles to lift or store. It is not only more convenient but provides bottled water quality for a fraction of the price. Hot & cold water for drinking or mixing with soup, drink mixes or for tea and coffee. Attractive appliance design available in either Black/Stainless or White.

VWD9506BLS

VWD9506W

Features:

- Point-of-use water dispenser connects directly to water line
- Quick "disconnect" 5 micron carbon block filter cartridge (no need to shut off water supply)
- Hot, room temperature or cold water dispensing with ready to dispense indicator lights
- Easy to use push button taps with childproof safety switch for the hot water
- Energy saving "Kettle" feature rapidly provides hot water (in under 3 minutes) without the cost of constantly reheating 24/7
- High efficiency compressor technology with adjustable cold water temperature control
- Hot & cold stainless steel reservoirs for superior long lasting reliability
- Dual float system controls water level in reservoir (secondary safety float activates in case of primary float failure and / or overflow conditions)
- Storage compartment allows easy access to filtration system
- Includes LED night light
- Includes 26' of ¼" installation tubing

Model	VWD9506W & VWD9506BLS
Item #	65040201 / 65040202
Cooling System	High efficiency compressor
Hot	90° C / 194°F
Cold	8° C / 46°F
Reservoir Size (Hot)	0.6L / 0.2 gal
Reservoir Size (Cold)	3.2L / 0.8 gal
Unit Dimensions (W x D x H)	11" x 12" x 38.6"
Unit Dimensions (W x D x H)	27.9cm x 30.5cm x 98cm
Unit Weight (lbs / kg)	28.7 / 13
Warranty	1 Year
